### Technical Data Sheet (TDS)

“Food Product- water and grease resistance varnish”

#### Key features and benefits

- good oil and grease barrier performance
- good water resistance
- excellent printability
- glycol ether free
- good compatibility

For flexo/gravure ink -provides excellent transfer/printability and good wet rub resistance.

VAR-2W24P is a film-forming varnish developed for use in water-based flexographic inks used on food paper, it provides excellent gloss, leveling and drying speed.

VAR-2W24P is an effective oil & grease and liquid water barrier for paper and board packaging. Dosage rates of 4 – 10 dry g/m<sup>2</sup> can provide an effective oil & grease resistance and liquid water barrier for various packaging paper and board substrates.

#### Food Contact Statement

✓ **Components of paper and paperboard in contact with aqueous and fatty foods**

This product is cleared for use in accordance with FDA Regulation 21 C.F.R. §176.170

"Components of paper and paperboard in contact with aqueous and fatty foods.

✓ **Components of paper and paperboard in contact with dry food**

This product is cleared for use in accordance with FDA Regulation 21 C.F.R. §176.180

"Components of paper and paperboard with dry food".
